# X-CITY 125

GO HIGH IN THE CITY

Every once in a while something comes along that changes the urban landscape. Meet the Yamaha X-City 125. Agile, innovative and aesthetically beautiful, it's the perfect blend of form and function. Like all design classics, the X-City 125 is built to last. You glide through city traffic in luxury with large 16" front and 15" rear wheels making light work of the rough streets. The low, luxurious sculpted seat supports you perfectly and the stylish front screen shields you from the worst of the elements. With a powerful and quiet 4-stroke engine, you arrive in top shape.

The X-City 125 is as functional as it is beautiful. It has enough underseat storage capacity to take a jet helmet or business bag, a handy glovebox for smaller items and a baggage hook to hang your briefcase as you drive through the rush hour traffic. The X-City 125 sets high emission standards and meets the latest EU3 regulations so it's kind on the environment as well as easy on the eye.

► The X-City 125 is a testimony to Yamaha's 'Art of Engineering' philosophy. It takes urban 125cc riding to a new level with engineering excellence wrapped in a beautifully designed ergonomic body.

► The X-City is powered by a high-spec four stroke SOHC, 4-valve, fuel injected 125cc engine that's a result of Yamaha's on road and racetrack knowledge. It's tuned for maximum flexibility with strong low rpm pick up and lively top end performance for getting away from the lights first and then staying ahead of the traffic.

▶ Large 16" front and 15" rear wheels matched to powerful disc brakes gives superb handling and stopping power.

▶ The dash panel on its own is a work of art – speedometer, fuel gauge, clock, thermometer and trip computer.

▶ Under the seat there's a storage locker for a jet helmet, business bag or loads of shopping whilst out and about.

▶ The lockable glove box (with integral ticket holder) is perfect for storing a mobile phone, sunglasses or an A-Z.

▶ Passengers are amply catered for with stylish grab rails, a sculpted seat and generous fold down foot pegs.

Touching Your Heart

## Colours

Steel Silver (LBNM6)

Midnight Black (SMX)

## Motor

Type:	4 stroke, SOHC, 4-valve
Cooling system:	Liquid forced system
Displacement:	124.7cc
Bore x Stroke:	52 x 58.6
Compression ratio:	11.2:1
Maximum power:	10.8 kW @ 8750 rpm
Maximum torque:	11.7 Nm @ 8750 rpm
Lubrication system:	Wet sump
Carburettor:	Fuel injection system
Ignition system:	C.D.I.
Starter system:	Electric
Fuel tank capacity:	10,5 Litre
Transmission system:	V-Belt Automatic

## Chassis

Overall size (L x W x H):	2175 x 785 x 1460 mm
Seat height:	790 mm
Dry weight:	159 kg
Wheelbase:	1455 mm
Min. ground clearance:	165 mm
Front suspension system:	Telescopic
Stroke:	100 mm
Rear suspension:	Swing engine + shock absorber
Stroke:	105 mm
Front Brake:	Disc 270 mm
Rear Brake:	Disc 240 mm
Front Tyre:	120/70-16
Rear Tyre:	140/70-15
